# 复享

高品质光纤光谱仪制造商

2012

[www.ideaoptics.cn](http://www.ideaoptics.cn)

核心产品:

小型光纤光谱仪, 荧光光谱仪

科研级高分辨、高灵敏光纤光谱仪

光谱测量附件

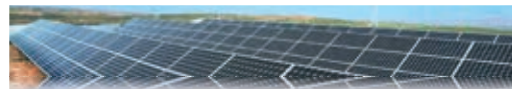

实验室级制冷型光纤光谱仪

实验室级近红外光纤光谱仪

应用方案展示:

光伏产业质量检测解决方案

随着硅材料价格的不断上涨, 导致了单晶、多晶常规太阳能电池片利润空间的不断缩小。为了提高电池片的竞争力, 提高电池片的整体光纤效率非常重要。这其中, 加强减反膜的工艺质量控制起到了很大的作用。复享科技根据各大厂商质量控制工艺不断提高的实际情况, 推出了诸多针对光伏产品的检测、监测仪器设备。

珠宝光谱鉴定解决方案

珠宝鉴定光谱仪改良了原有珠宝鉴定设备的样品测试方式, 具有开阔的样品操作平台, 能够更方便、更快速地测量各种珠宝样品, 为您的珠宝鉴定工作提供更加准确的技术分析, 非常适用于实验室使用。Opal3000pro采用特殊的紫外-可见-近红外宽波段光源, 能够提供珠宝行业内谱段最宽的光谱测量,

LED生产在线监测解决方案

LED 检测是 LED 生产中的重要环节, 复享可以提供从荧光粉发射效率检测到 LED 芯片辐射检测的光谱仪、积分球及其附件。复享还可以为客户提供 OEM 模块化光谱仪产品。

显微光谱测量解决方案

显微光谱分析又称微区光谱分析, 是通过光学显微镜等辅助光学设备, 采集微小区域的光信号进行样品光谱分析的一种方法。复享可以为您提供完整的显微光谱解决方案。除此之外, 复享还首次推出了商业化的微区角分辨光谱测试系统, 更加细致地为您解决显微光谱分析问题。

我们致力于为您提供最贴身的产品和最高效的解决方案

上海复享仪器设备有限公司是一家快速成长的高新技术企业。我们的产品涉及实验室分析、光伏产业、半导体照明 (LED)、环境保护、和食品安全等多个领域。我们致力于给这些产业用户提供从研发到生产各个环节所需要的快速、准确而高效的分析检测仪器, 依靠优秀的研发与管理能力, 我们将不断提升自身价值, 为用户提供更贴身的产品与高效解决方案。

About Ideaoptics:

Ideaoptics is a rapid-growing high-tech enterprise. Our products have been widely applied in laboratory analysis, photovoltaic industry, semiconductor lighting (LED), environmental protection, food safety testing and chemical detection. We are committed to providing you professional and user-friendly testing instruments that will ensure high efficiency measurement.

我们的理念 Our Mission

为产业链提供优质、人性化而高性价比的分析检测产品

Provide professional, user-friendly and high value-to-cost ratio instruments.

We are leaders in producing world-class product and professional services. Furthermore, our manufacturing process utilizes the highest quality components; we guarantee product understanding and ease of use. Our innovation processes are based on science, engineering and industry best practices. These inspire the creation of novel yet highly effective products.

我们的技术 Our Resources

通过优秀团队, 研发最新技术, 开发市场最需要的产品

Combine and re-structure our resources to create maximize benefit.

Since our founding we have invested heavily in universities and technical institutions. We study each market segment and cater our R&D efforts to market needs. We also have strong intellectual property protection, and utilize international management techniques and six-sigma strategies to ensure quality in our manufacturing process.

我们的团队 Our Team

与优秀的人才一起成长

Pioneering a spirit of togetherness.

Our team of staff is young and vibrant. We only recruit the most enthusiastic and passionate individuals so that we may inspire quality and performance every day. Our business growth, corporate culture and management philosophy have helped us attract smart, likeminded people. Via practical business cases we train and coach new employees so that they may improve their skills set and shape their career; most importantly we aim to help you become more self-aware. It means the knowledge of who you are and which path you would like to take in your career.

我们的服务 Our Service

优秀的服务是成功之道

Excellent service is one of the keys to business success.

We do not only provide you with a machine; we provide you a solid product and local valued service. Those services also make our products different.
